June 6, 2019

Dear Parents,

As we move into the summer, I am encouraged by the academic improvements and growth that our 6-12 students in the East Orange School District have made this school year. While focusing on the New Jersey Student Learning Standards, our goal over the summer vacation is to continue to support all of our students to strengthen the core foundation of learning that will prepare them for college and career readiness.

The district has provided summer math learning assignments for all students to complete and return to their math teacher during the first week of school in September. All students will be working on pre-requisite skills that are needed for their 2019 – 2020 mathematics course. Your child will receive a physical summer learning packet with a calendar that identifies assignments that should be worked on each day, as well as accompanying videos to help your child along the way. They will also have access to the hyperlinked packets on their school and district website. In addition, depending on the school, students will have access to their Go Math, Big Ideas, and/or IXL accounts for supplemental practice and videos on any topic.

**Students will receive their first math test grade based on the completion and accuracy of this assignment.** I encourage you to work with your child over the summer on the assignment so that they can begin the next school year with an A as their first grade.

If you have any questions or concerns, please feel free to reach out to me at [jaliyla.fraser@eastorange.k12.nj.us](mailto:jaliyla.fraser@eastorange.k12.nj.us).

Sincerely,

Jaliyla Fraser  
Secondary Mathematics Supervisor (6-12)  
Division of Curriculum Services

**ACKNOWLEDGEMENT FOR MATH SUMMER ASSIGNMENT**

**Please initial the appropriate areas below and return to your child's teacher before June 22, 2018.**

-----

**Student:**

\_\_\_\_\_ I will complete the District Math Summer Packet and return it during the first day of school.

\_\_\_\_\_ I understand that this work will count as the first math grade for next school year. I will receive an ***Incomplete*** if this work is not returned.

**Parent/Guardian**

\_\_\_\_\_ I understand that this work will count as the first math grade for next school year. My child will receive an ***Incomplete***, if this work is not returned.
