

WELCOME TO THE  
JOHNNIE L. COCHRAN JR. ACADEMY  
LIBRARY MEDIA CENTER!

Dear Families,

Welcome Back!

I am Margaret J. Cunningham the School Library Media Specialist at Johnnie Cochran. I am so excited to serve your scholar as his/her Library Media Specialist in our beautiful library and online. I look forward to helping your scholar become an even more independent reader, skillful researcher and critical thinker.

We have many exciting activities planned for this year, starting with the 25 Book Campaign, African American Read In (new this year), Read Across America and some surprises!

I service Johnnie Cochran on **Thursday** and **Friday** and I will be collaborating with our Cochran teachers to integrate library and media skills and materials into the core curriculum. My goal is to provide a vital combination of resources, curriculum, activities and professional expertise that help your scholar increase their love of reading, sharpen their skills as independent readers and make informed use of information often through projects. I strive to accomplish this and make learning fun!

I look forward to working with your scholar and you.

Happy Independent Reading!

*Margaret J.*
